Instead, install a freedomRail closet to highlight fall wardrobes. Tailor it to fit your storage style by adding extra hanging space, shelves or drawers.

Family Command Centers

Transform a wall in the kitchen or entryway into a family communication center to keep your family's affairs in order. freedomRail designs provide desk solutions in spaces as small as 48 inches or as large as 120 inches. Add drawers and paper cubbies to customize the space even more.

Sporty Garages

It's time to pack away swim gear and baseball equipment and replace them with football and soccer gear; a simple task with freedomRail Activity Organizers. The 2' x 4' grid attaches directly to the wall and can be customized with locking storage accessories that adjust to fit your family's sports needs.

Easy Entertainment Centers

Cooler weather usually means more family time inside watching movies, listening to music and playing games. Keep CDs and DVDs, games and photos organized by adding a freedomRail entertainment center. Shelves are easy to install and can be customized with cubbies, drawers and cabinets.

Lovely Laundry Rooms

Love it or loathe it, doing laundry is a fact of life. Keep things running efficiently by adding a freedomRail storage system. Because it's so flexible, you can add shelves, laundry baskets and hanging space to even the smallest spaces.
